

## WHY SILVERSEA

Sumptuous ocean-view suites and the luxurious freedom of an all-inclusive lifestyle. Distinctive European styling reflected in every detail, from uncompromising service to exquisite gourmet dining. The convivial ambience of intimate spaces and well-travelled, international guests. Exotic destinations, exclusive explorations, and uniquely enriching cultural connections.

This is the secret allure of ocean travel. This is Silversea.

## SILVERSEA'S HERITAGE

With true Italian passion for embracing the best that life has to offer, the Lefebvre family of Rome conceived of a pioneering company that would offer an experience of personal travel unrivalled in the world. Like most success stories, the idea was simple. Specially designed ships with renowned European style that would be as elegant and spacious as some of the finest hotels, as warm and inviting as gracious homes. The components would be customised and complimentary, providing for each guest's individual tastes. The name "Silversea" was chosen as it connotes quality and luxury, and captures the romance and sensations of the sea.

What began as a truly original and innovative vision has since evolved into a sublime blend of sophisticated lifestyle, alluring worldwide destinations and international appeal – the signature elements that inspired the first Silversea voyage and have defined every voyage since.

With similar passion, the Lefebvre family has established The Maruzza Lefebvre D'Ovidio Foundation, a charitable organisation supported by Silversea and dedicated to providing comprehensive palliative care services that embrace the lives of terminally ill patients and their families. To learn more about the Maruzza Foundation's mission and projects, see page 120.

Silversea ships offer one of the highest space per guest ratios of any fleet. Each public area is intimate yet inviting.

The most dramatic of upgrades for the *Silver Cloud* and *Silver Wind* is the addition of a new Spa, Fitness Centre and Observation Lounge on Deck 9, with floor-to-ceiling windows for magnificent ocean views.

## A FLEET OF REMARKABLE SHIPS

Designed to be your home upon the oceans of the world, Silversea's ships welcome you to relax in refined luxury. Whilst spacious in feel and appearance, each of our ships is small in comparison to mass-market vessels, making them agile and easily docked in less-visited, more enticing destinations.

For many of our guests, Silversea's ships are special places that one returns to again and again – celebrating the wonders each new day reveals amidst a lifestyle of countless indulgences.

### SILVER CLOUD\* AND SILVER WIND\* – 298 GUESTS

Beginning our tradition of excellence, both ships offer all the luxuries of a private yacht, the amenities of a country club and the fine services of an exclusive hotel. They will emerge from a month of dry-dock construction and refurbishments with fresh décor and upgraded interiors that feature a new ocean-view spa, Observation Lounge, and eight new suites. The new *Silver Wind* sails into 2009 refreshed and ready, having returned to the sea in November 2008. The new *Silver Cloud* is scheduled to debut in late May 2009.

### SILVER SHADOW\* AND SILVER WHISPER\* – 382 GUESTS

Taking our award-winning concept of all-suite luxury to the next level, these Millennium Class ships are larger, yet retain the familiarity and intimacy of our two earlier ships.

### PRINCE ALBERT II<sup>SM</sup> – 132 GUESTS

The newest member of our fleet, this ship's ice-rated hull and uncommon level of luxury combine to offer one-of-a-kind adventures like no other expedition vessel afloat, expanding Silversea's worldwide destination offerings to all seven continents.

### SILVER SPIRIT<sup>SM</sup> – 540 GUESTS

Scheduled to join the fleet in late 2009, *Silver Spirit* will offer the distinctive luxuries and celebrated lifestyle Silversea guests adore, plus enticing enhancements including a new supper club, an Asian-themed restaurant, an expanded spa, and the largest suites in the Silversea fleet – 95% feature a private veranda.

Facts and figures referenced within Voyage Atlas 2009 do not include the *Prince Albert II*. Details for Silversea Expeditions<sup>SM</sup> may be found beginning on page 26.
